

## Stencils and Templates

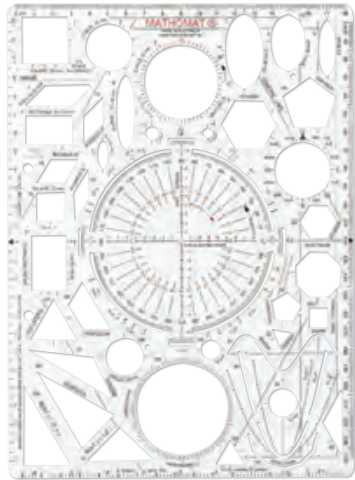

### Templates

These templates are made from Safe-T plastic, making them shatterproof and almost unbreakable.

### Mathomat

17006 \$20.00 

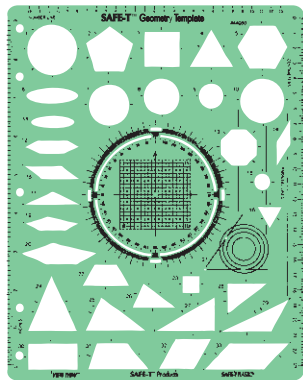

The ultimate geometry tool. This tried and tested template has everything needed in one single drawing instrument.

### Geometry Template

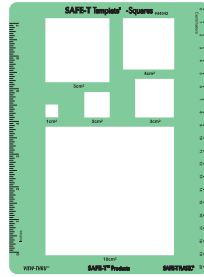

10810 \$8.50 

Success in solving problems in geometry can depend on being able to draw a clear and accurate diagram. This geometry template can assist in drawing or copying complex diagrams with ease. Instruction book included.

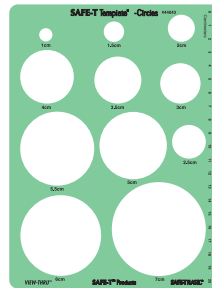

### Squares

10805 \$6.00

### Circles

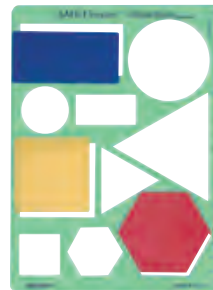

10806 \$6.00

### Attribute Block Template

10807 \$6.00

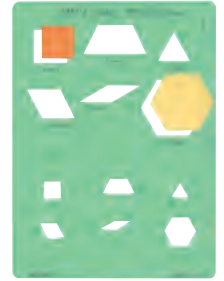

Make perfect Attribute Block shapes every time with this template. Features all of the standard shapes plus measurement markings on the outer-straight edge.

### Pattern Block Template

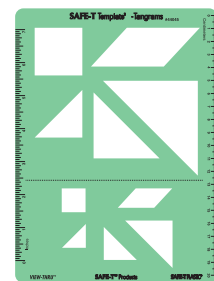

11264 \$6.00

Flexible, precision-cut flexible plastic template which provides an easy, accurate way to draw Pattern Block shapes for maths activities.

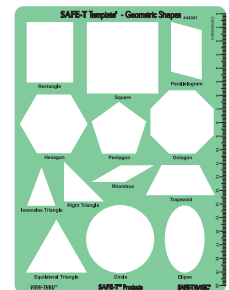

### Tangram Template

10808 \$6.00

### Geometric Shapes

10801 \$6.00

## Stencils

### Geometric Stencil Set (12p)

16500 \$6.50

Geometric shapes in durable plastic that can easily be cleaned. Includes hexagon, pentagon, square, circle, star, diamond, octagon, heptagon, rectangle, oval, semi-circle and triangle. 90 x 110mm

### Symmetry Stencils (6p)

16501 \$13.50

Explore symmetry, angles and patterns with students. Easy to trace. Flip and rotate to master many designs. Grid stencil measures 200mm, design stencils 95mm. Ideas guide included.
